Shelf life	
24 months if kept in its original unopened packaging and stored in a dry location with temperatures between 10°C (50°F) to 30°C (86°F). Protect from freezing.	

5. INSTALLATION

Prevention Measures

PERSONAL SAFETY

- ♦ Wearing of gloves, safety glasses and appropriate clothing to prevent skin contact when using the product is always recommended.
- ♦ Please follow safety guidelines outlined in the "CAUTION" section indicated on the bottle (see hereunder).

NEIGHBORING AREA PROTECTION

- ♦ Always protect the neighboring working area against unexpected contact with the product to avoid irreversible damage or alterations that could only be restored by its replacement.

PREREQUISITE CONDITIONS

- ♦ Ideal temperature for best results, between 15 and 30°C (60 and 85°F).
- ♦ Test first on a small and adequate surface, to assess results.

First time user, without preliminary testing.

- ♦ Never use the product for the first time on a large area without preliminary testing.
- ♦ Even if the product is designed to clean safely textile fibers, it could irreversibly alter some fiber colors, in a way that they can only be corrected its replacement. Therefore testing on a small area is essential before use.

Methods of Application

Stain removal with Ready-to-Use formula:

- ♦ Using a spray gun bottle, spray directly the stain and let the cleaner work a few minutes while scrubbing gently to allow better penetration of the cleaner.
- ♦ Time required to remove stains varies with the type of stains and the type of fiber.
- ♦ When the stain is gone or greatly diminished, tap surface with a paper towel or a dry absorbing cloth.

Mechanical cleaning for large areas:

Routine Cleaning

- ♦ First, spray the cleaner on apparent stains.
- ♦ Dilute 1 part cleaner with 2 to 4 parts warm water in the soap container of the carpet cleaning extraction machine.
- ♦ Spread the cleaning solution on the carpet while agitating brushes. Let solution work 3 to 5 minutes and then pick-up.

Deep Cleaning

- ♦ Spray the cleaner undiluted all over the surface.
- ♦ Spray more generously on apparent stains.
- ♦ Let work a few minutes.
- ♦ Fill the soap container of the carpet cleaning extracting machine with water only.
- ♦ Spread the water on the carpet while agitating the brushes.
- ♦ Do not pick-up cleaning solution at the first passage.
- ♦ Allow the cleaning solution work 3 to 5 minutes and then remove.

Disposal

Do not dispose of excess cleaner into sewers; instead send to an appropriate recycling center.

Health and Safety

Refer to the Safety Data Sheet (SDS) for complete details.
