

SAFETY DATA SHEET

Product: PRO PRIME EPX (PART A)

Revision Date: 2017-01-13

Section 1. Product and Company Identification

Product Name: Recommended Use(s): Non-Recommended Use(s): Manufacturer:

Emergency Contact:

Email:

Url:

PRO PRIME EPX (PART A) Epoxy based adhesive Not specified Proma Adhesives, 9801 Boulevard parkway, Anjou, QC, H1J 1P3, Canada info@proma.ca www.proma.ca Emergency Spills (CANUTEC): (613)996-6666 /Emergency contact number in Canada/U.S.A

Section 2. Hazard Identification

GHS Classification for mixture: Serious eye damage/eye irritation - Category 2A Skin corrosion/irritation - Category 2 Skin sensitization - Category 1

Warning

Pictograms:

Signal Words:

Hazard Statements:

Causes serious eye irritation. Causes skin irritation. May cause an allergic skin reaction.

Precautionary Statements: General

Prevention Obtain special instructions before use. Do not handle until all safety precautions have been read and understood. Do not breathe fumes. Wash hands thoroughly after handling. Wear protective gloves, eye protection and a dust mask.

 Response
 If exposed or concerned: Get medical advice/attention. Get medical advice if you feel unwell. IF IN

 EYES: Remove contact lenses, if present and easy to do, rinse with water for several minutes . IF ON

 SKIN: Rinse with water for several minutes. IF INHALED, Move the person to fresh air. IF

 INGESTED, call a poison center.

 Store locked up.

Dispose of contents/container in accordance with local regulations.

Section 3. Composition / Information on Ingredients

IdentifiersIngredientsPercentage25068-38-6Bisphenol A Diglycidyl ether<90%</td>17557-23-2Neopentylglycol diglycidil ether<25%</td>

SAFETY DATA SHEET

Section 4. First-Aid Measures

First-Aid: Eyes

IF IN EYES: Wash eyes with plenty of water. Hold eyelids open to ensure adequate flushing. Remove contact lenses if present and easy to do so. Continue rinsing. Seek medical attention if irritation or redness develops.

First-Aid: Skin

IF ON SKIN: Rince with water for several minutes. Take off all contaminated clothing and wash it before reuse. If redness or other symptoms occurs, seek medical advice/attention.

First-Aid: Ingestion

IF INGESTED: Call a poison center. Do not induce vomiting.

First-Aid: Inhalation

IF INHALED: Move the person to fresh air and keep at rest in a position comfortable for breathing. Seek medical attention if symptoms occur.

Section 5. Fire-Fighting Measures

Flammability

Low flammability. This product must be heated at high temperature to present a risk.

Suitable Extinguishing Media

Use dry chemical, water spray, carbon dioxide or alcohol-resistant foam.

Unsuitable Extinguishing Media

Not available

Specific Hazards Arising from Combustion of Products

Combustion Products: May include and are not limited to Oxides of carbon (COx) and halogenated compounds. **Heat & Fire:** The product is slightly flammable. Fire and heat may decompose the product and generate hazardous gas, vapor or dust.

Protective Measures for Fire-Fighting

Wear protective clothing to prevent contact with skin and eyes completely. Wear self-contained breathing apparatus for firefighting. Avoid direct contact with the substance. Avoid breathing gas, vapor or dust. In the case of large fires, evacuate residents who are downwind of fire.

Specific Hazards Arising from Combustion of Products

Explosion data:

Sensitivity to mechanical impact: Sensitivity to Static discharge: Not available Not available

SAFETY DATA SHEET

Section 6. Accidental Release Measures

Personal Precautions, Protective Equipment and Emergency Procedures

Wear protective gloves, clothing and protective goggles to prevent contact with skin and eyes.

Avoid direct contact. Avoid generating dust.

See protective measures in section 7 & 8.

Environmental Precautions

Prevent entry into sewers, water courses, basements or confined areas. Dispose the material in accordance with the government regulation. If the product has entered a water course or sewer or contaminated soil or vegetation, advise the local emergency services and environmental authorities.

Clean-up Procedures

Collect and transfer to a closable container without splash or generating dust / mist. Dispose the material in accordance with the government regulations.

Section 7. Handling and Storage

Precautions for Safe Handling

Handling: Avoid direct contact with the substance. Avoid breathing dust. Keep container tightly closed. Wear protective gloves, clothing and protective goggles to prevent contact with skin and eyes. Ensure there is sufficient ventilation of the area. Do not eat or drink during handling. Report immediately if physical damage, leakage or spillage occurs.

General hygiene advice: Launder contaminated clothing before reuse. Wash any exposed area of body thoroughly after handling before eating, drinking or smoking.

Conditions for Safe Storage

Store locked up. Keep container tightly closed. Store in a well-ventilated area. Keep out of the reach of children. Respect the laws of the safety standards and occupational health.

Section 8. Exposure Controls / Personal Protection

-		
Control Parameters	/ Exposure Guideline	
	Occupational Exposure Limits	
Ingredients	OSHA-PEL	ACGIH-TLV

None

Control Parameters / Exposure Controls

Engineering Controls: Use ventilation adequate to keep exposures below recommended exposure limits. (airborne levels of dust, fume, vapor etc.)

Control Parameters / Individual Prot	ntrol Parameters / Individual Protective Measures		
Eye/Face Protection:	Wear Safety goggles. Don't use eye lens.		
Skin and Body Protection:	Wear protective clothing. Wear a dust mask.		
Hand Protection:	Wear impermeable gloves.		
Respiratory Protection:	If ventilation is inadequate or in the case of mechanical work on cured material or when mixing use an adequate respiratory equipment.		

SAFETY DATA SHEET

Section 9. Physical and	Chemical Properties	
Basic physical and chemic	al properties Information	
Physical state:	Liquid	
Color:	Clear	
Odour:	Odorless	
Odour threshold:	Not available	
pH (in water):	Not available	
Melting/freezing point:	Not available	
Boiling point:	Not available	
Flash point:	1,14	
Evaporation rate:	Not available	
Flammability:	Slightly flammable	
Upper Explosive Limit:	Not available	
Lower Explosive Limit:	Not available	
Vapor pressure:	Not available	
Vapor density:	Not available	
Specific gravity (kg/L):	1,14	
Solubility uncured:	Not soluble	
Solubility cured:	Not available	
Octanol/Water coefficient:	Not available	
Auto-ignition temperature:	Not available	
Decomposition temperature:	Not available	
Viscosity (kcPs @ 21°C):	Not available	
Oxidizing Properties:	Not available	
Explosive Properties:	Not available	
VOC content (g/l)	0	
Section 10. Chemical St	ability & Reactivity Inform	nation
Stability/Reactivity		Stable under ambient condition.
Possibility of Hazardous R	eactions	None
Conditions to Avoid		Not available
Materials to Avoid		Not available
Hazardous Products of De	composition	May include and are not limited to Oxides of carbon
	oompoolaon	(COx) and halogenated compounds.
Section 11. Toxicologic	al Information	
Toxicological Information	for Product	
Prolonged /Repeated Exposure	Prolonged / Repeated exposure ma	ay cause allergic skin reaction.
Ingestion: The product is not clas	sified for ingestion hazard.	
Toxicological Data: No toxicologi	cal data exists for the product.	
Carcinogenicity: This product is r	not classified as carcinogenic.	
Inhalation: No known effect.		
Toxicological Information	for Component	
-	Bisphenol A Diglycidyl ether	Neopentyl glycol diglycidil ether
Toxicity - Oral	LD50 Rat 11400 mg/kg	LD50 Rat 4,5 g/kg
Toxicity - Dermal	LD50 Rat > 1200 mg/kg	N/A
Toxicity - Inhalation	N/A	N/A

SAFETY DATA SHEET

Section 12. Ecological Information

Ecotoxicity:	No ecotoxicity values for this product. Avoid release into the environment.
Persistence and Degradability:	Not available
Bioaccumulative Potential:	Low
Mobility in Soil:	Not available
Other Adverse Effects:	Not available

Section 13. Disposal Considerations

Waste Disposal Regulation(s) / Operation

Avoid release to the environment. Users need to pay attention to the possible existence of regional or national regulations regarding disposal.

Section 14. Transportation Information [ADR-UN, DOT, ICAO, IMDG, TDGR]

UN Number: UN Proper Shipping Name:

NOT CLASSIFIED AS DANGEROUS GOODS

Hazard Class:

Packing group:

Section 15. Regulatory Information

Safety, Health and Environmental Regulations for Product No regulation data for product. Safety, Health and Environmental Regulations for Component No regulation data for product.

Section 16. Other Information

Date of preparation : Version : **Prepared by :**

January 13 2017 1.0 PROMA ADHESIVES INC

Adhési/s PROMA Adhesives Inc

Other Information Disclaimer: The above information is believed to be correct but does not purport to be all inclusive and shall be used only as a guide. This company shall not be held liable for any damage resulting from handling or from contact with the above product.

	be neid hable for any damage resulting from handling of from contact with the above product.		
Glossary	lossary		
ACGIH:	American Conference of Governmental Industrial Hygienists.		
ADR:	European Road Transport.		
CAS:	Chemical Abstracts Service.		
DOT:	US Department of Transportation USA.		
DSL:	Canadian Domestic Substances List.		
EPA:	US Environmental Protection Agency.		
ICAO:	International Civil Aviation Organization.		
IMDG:	International Maritime Dangerous Goods Code.		
LC50:	Lethal concentration that will kill 50 percent of the test animals within a specified time.		
LD50:	The dose required to produce the death in 50 percent of the exposed species within a specified time.		
N/Ap:	Not applicable.		
N/Av:	Not available.		
N/D:	Not determined.		
NDSL:	Canadian Non-Domestic Substances List.		
NIOSH:	National Institute for Occupational Safety and Health.		
OSHA:	Occupational Safety and Health Administration, US Department of Labor.		
REL:	A recommended exposure limit (REL) is an occupational exposure limit that has been		
	recommended by the United States National Institute for Occupational Safety and Health to		
	the Occupational Safety and Health Administration (OSHA) for adoption as a permissible		
RTECS:	exposure limit. Registry of Toxic Effects of Chemical Substances.		
SARA:	5 ,		
SARA:	Superfund Amendments and Reauthorization Act. A short-term exposure limit (STEL) is the acceptable average exposure over a short period		
SIEL:	of time, usually 15 minutes as long as the time-weighted average is not exceeded.		
TDGR:	Transportation of Dangerous Goods Regulations.		
TLV:	The threshold limit value of a chemical substance is a level to which it is believed a worker can be exposed day after day for a working lifetime without adverse health effects. Strictly speaking, TLV is a reserved term of the American Conference of Governmental Industrial Hygienists (ACGIH). However, it is sometimes loosely used to refer to other similar concepts used in occupational health and toxicology. TLVs, along with biological exposure indices (BEIs), are published annually by the ACGIH.		
TSCA:	Toxic Substances Control Act.		
TWA:	A time-weighted average is used to calculate a workers daily exposure to a hazardous		
	substance (such as chemicals, dusts, fumes, mists, gases, or vapors) or agent (such as		
	occupational noise), averaged to an 8-hour workday, taking into account the average levels		
	of the substance or agent and the time spent in the area. This is the guideline OSHA uses to		
	determine permissible exposure limits (PELs) and is essential in assessing a worker's		
	exposure and determining what protective measures should be taken.		
UN:	United Nations.
